

## **PEFC SOURCSING POLICY**

To whom it may concern

### **Policy for Sourcing Sawdust, Wood Chips, for The Programme for the Endorsement of Forest Certification Schemes (PEFC) Certified Products**

It is the policy of QF Bioenergy Sdn Bhd to avoid using wood from controversial sources:

- a) From forest areas where traditional or civil rights are violated
- b) From forest areas where high conservation values are threatened by management activities
- c) From forests in which genetically modified trees are planted
- d) That has been harvested illegally or wood harvested from areas which have been converted from natural forest to plantations or non-forest uses

QF Bioenergy Sdn Bhd has appointed General Manager as the contact person responsible for implementing this policy.

If it is demonstrated that a company is using wood from such sources in its PEFC certified products, we will promptly take appropriate actions, including stopping purchases from such sources.

QF Bioenergy Sdn Bhd is committed to making best efforts to identify the sources of wood used for products labelled according to the PEFC rules, and to establish the origin of materials used in the products affected with sufficient geographical resolution to ensure compliance with the policy. If it proves impossible to identify the origin of some of these raw materials, we are committed to replacing them with materials which can be sourced with confidence. Our sourcing policy requires us to verify and monitor our sources, the proportions of raw materials which have not yet been verified and the steps being taken to replace materials of unknown origin.

QF Bioenergy Sdn Bhd also declares to promote rights at work, encourage decent employment opportunities and enhance social protection according to the standards of the International Labour Organization (ILO).

QF BIOENERGY SDN. BHD.
